

THE LUXURY CHAMPAGNE DAY TOUR FROM PARIS

1 DAY

Departure from : Paris Return on: Paris

Program available from 2 to 6 persons sharing the tour.

Highlights of the journey:

- Visit of Reims and the Cathedral
- Visit of the cellars of the Domaine Pommery and champagne tasting
- Visit of an independent producer and champagne tasting
- A day spent in total comfort with a private luxury car and driver
- A carefully conceived itinerary to assure you the best visit possible

EXPLORE YOUR DAY

Accompanied by your own private driver and a nationally-certified guide, set off on a discovery of Reims, the capital of the Champagne region. After a guided visit of the city and the famous cathedral, followed by a delicious, gourmet meal, you will have the occasion to visit two different champagne cellars, with each visit ending with a tasting. Visits and tastings – everything you need for a memorable day all in one place!

The day begins in Paris where your personal driver and guide will meet you at your hotel to set off with you into the heart of Champagne country. Along the way, your guide will recount to you the history of the region where you are going, its importance, and the lives of the people who lived there. The first stop on your journey is Reims, a beautiful city home to the world famous Cathedral of Reims, one of the major achievements of Medieval Europe, renowned for its architectural harmony, its luminosity, and its breathtaking statuary.

After a gourmet lunch in an authentic restaurant specially selected by Mon Beau Paris for you, head over to the cellars of the prestigious Domaine Pommery, which date back to the Gallo-Roman era! Your guided visit of the cellars will allow you to learn about different winemaking techniques, as well as the history of the brand – both of which will serve you well with what follows: a tasting of two different types of champagne!

To end the day, the last stop will be at a smaller, independent champagne producer, for another tasting and a wonderful occasion to discover a smaller producer of the region. Here as well, there will be a visit of the cellars as well as an explanation of their production techniques.
